

ADDENDUM NO. 1

DATE: 22ND SEPTEMBER 2022

TENDER NO. ICTA/OT/04/2022 - 2023

TENDER DESCRIPTION: REHABILITATION OF ISIOLO - MOYALE FIBER OPTIC BACKBONE INFRASTRUCTURE

S/No.	Bidders' Clarification	ICTA's Response
1	<b>Poles</b>  Number of poles in the BOQ is Missing.	The required quantity of poles is 100 pcs
2	<b>ODF</b>  Do we require ODF in this project?	ODFs will not be required
3	<b>Joint/Directional markers</b>  In the Project scope Joint/ Directional Markers have been specified but Quantities are not included in the BOQs.	The joint Markers quantity is 100 pcs.  The Specifications and Priced Activity Schedule is therefore amended to include the new item as follows:  <b>Description of Services:</b>  1. Supply of Joint Markers Qty 100 Pcs 2. Installation of Joint Markers and related accessories Qty 100 Pcs
4	Some Important items in ADDS Project such as <b>Midspan, Cable Storage and Pole Support System</b> are not included in the BOQs. Please clarify	All accessories have been included .Please refer to item 6&7 in the work schedule and specifications
5	Are there road & river crossings? If yes please include in the BoQ	This is included in the linearized trenching
6	Which areas are for Aerial and Underground solution? Please clarify	The areas with KPLC poles will have aerial installations. All other areas will have underground installation. <b>In addition, the Authority has organized for a site survey from 26th - 30<sup>th</sup> Sep 2022.</b>
7	Do we have traces for the existing fibre cable? Please share	The cable is not in good condition therefore no complete traces. <b>However, the Authority has organized for a site survey from 26th - 30<sup>th</sup> Sep 2022. Meeting point County</b>

S/No.	Bidders' Clarification	ICTA's Response
		<b>Commissioner's office Isiolo on Monday 26<sup>th</sup> Sep 2022 at 9 AM.</b>
8	<b>Registration by CAK.</b>  If a bidder is registered by NFP can they be exempted from having CAK registration?	Yes. Network Facilities Provider (NFP) is a higher license by Communication Authority and is acceptable.
9	Since the tender is for maintenance of an existing fibre optic network, can the ICT Authority avail the Low level network design for the route to be covered under the maintenance for bidders to make accurate maintenance proposal based on the existing design.	These designs are currently not available.
10	Will the bidders be required to setup a NOC for monitoring the network or provide a personnel for the existing NOC the ICT Authority use? Who will be responsible of issuing tickets in case of faults and is there an SLA for network maintenance.	This is not required. The Authority will use existing NOC and Monitoring solution
11	We seek an extension of closing date to give us ample time to prepare the proposal while we also await clarification on the issues raised.	<b>The closing/opening date for the tender has been extended to Friday 7<sup>th</sup> October 2022</b>

The addendum & clarification form part of the bidding document and is binding on all bidders. All other terms and conditions of the tender remain the same.
